

# MAKE A DIFFERENCE IN THE LIFE OF A CHILD

What does **SGS ANGEL** stand for?

**St. Gabriel School - Alumni-Neighbors-Giving-Education-for a Lifetime**

We have all been touched by earthly Angels. These Angels come in many forms, such as kindly neighbors, phenomenal teachers, inspiring pastors or caring friends. Some of our children are Angels with only one wing. They can only fly with your love, prayers and financial generosity. Please help us build the wings of these children. They represent the future. St. Gabriel School, like many other non-profit organizations, is finding it more and more financially challenging during these uncertain economic times. More and more families are coming to us for financial help, due to job loss, pay cuts and foreclosures. Their priority is to continue in a safe securing nurturing environment which they have found at St. Gabriel School.

The Angel Fund is our way of bridging the gap between tuition and the actual cost of educating a child. We are asking you to continue to help us achieve our goal at keeping our tuition affordable for Parents/Guardians. We have achieved this goal in the past through the generosity and financial support of St. Gabriel's Parish and the development hours of parents/guardians in St. Gabriel School. However, costs continue to rise as do yours for fuel, electricity, insurance and the cost of living. We cannot afford to place the entire burden on the current cost of tuition.

Thus we are turning to you to help to build the scholarship fund at St. Gabriel School. We hope you consider becoming an Angel, either with a onetime donation or a pledge paid throughout the year. Your gift makes a vital difference to a child. Any donation large or small will be a welcome gift and greatly appreciated by the children of St. Gabriel School. You can show appreciation for the many Angels in your own personal life by making a financial gift in their honor or remembrances of loved ones who are angels themselves in heaven.

There are still many children whose parents/guardians wish to send them to Catholic Schools but are unable to pay full tuition. These children represent our future as well as that of the Catholic Church.

We would like the children of St. Gabriel School to continue their academic success, social responsibility and community giving, however they need your help. All donations are tax deductible and matching funds from your employer are gratefully accepted. If you are already an ANGEL, thank you and we hope you continue your support for another school year.
